

Expand your Career Opportunities with Sprint!

Stability

The Rio Rancho Sprint facility is routinely among the highest performing contact centers in the company, helping reduce customer churn while turning in enterprise-leading sales numbers.

The center has been in operation in Rio Rancho since October, 1998 with a solid base of long-time employees, many of whom have been with the company since the center opened. Jobs numbers have remained steady while salary compensation has increased, earning the center praise from business organizations for the stability and opportunity offered its workforce.

Great Pay

Sprint's earning potential is second to none. On top of great pay there are promotional opportunities available.
