

Albuquerque Job Corps

Career Technical Training • Education • Professional Skills

Do you know someone who is ready to work, learn and become a leader?

Do they want to do something more with their life?

Then here is a chance to help them.

Tell them about Job Corps.

Career technical training ... education ... professional skills ... Job Corps works with them from their first day in the program to the moment they start a new job. No matter where they are coming from or where they want to go, Job Corps is here to help.

Career Technical Training

- Carpentry
- Cement Masonry
- Electrical Wiring
- Facilities Maintenance
- Plumbing
- Office Assistant
- Health Care programs through CNM and UNMCE

They also will have the chance to train with Job Corps employer partners on actual work sites. Job Corps has partners in every corner of the country who are looking for qualified students to train and hire.

Job Corps offers hands-on training in America's fastest growing careers, and our graduates land high-wage jobs.

Not to mention that all Job Corps training programs provide the latest skills that today's jobs require so they'll be ready when great opportunities come their way.

And the best part?

It's at no cost to them!!

Do they have their diploma? Great!

But do they know what they're going to do next? If not, are they looking for career options, technical training, or a bridge to higher education?

Job Corps helps high school graduates launch their careers. If they haven't graduated from high school, Job Corps can help them earn their **diploma or GED**. We have certified training staff ready to help them reach **their academic goals** and a **tutoring program** if they are looking for extra guidance. They also will benefit from **mentoring programs** that pair them with center staff, career counselors and community leaders. After they start training, it won't be long until they are focused on finding a job. They will work with Job Corps staff to help **find job openings** and **submit resumes**.

ARE THEY ELIGIBLE?

Serious about starting a career
