Are you interested in bringing a team of AmeriCorps members to your community or to your organization?

Since 1999, the New Mexico Commission for Community Volunteerism (NMCCV) has supported hundreds of community-based organizations that are engaging local citizens to address their most pressing needs. NMCCV administers New Mexico AmeriCorps programs and invites applicants that are interested in receiving an operational grant to bring AmeriCorps Members to your organization, or a planning grant to design an AmeriCorps program, to apply this Spring—official Request for Proposal (RFP) to be released at a later date.

All across the state, volunteers and national service participants help meet compelling community needs every day. Could national service help meet your organizational goals? Does your organization address one or more the following priority areas: Disaster, Economic Opportunity, Education, Environment, Veterans and Military Families? Are you interested in one of our special initiatives: My Brother’s Keeper, Multi-Focus Intermediaries, or Governor and Mayor Initiatives?

Join other organizations who have discovered the power of national service and develop a program that will involve friends and neighbors old and new in Getting Things Done for your community!

### Upcoming Informational Sessions

NMCCV will host a series of informational webinar sessions covering a variety of introductory information related to managing an AmeriCorps program. A copy of each session's presentation will be available at the conclusion of each session. Time will be allotted at the end of each session for participant questions. You must pre-register to attend the webinar of your choice by clicking "Register here" below. Attendance on the calls is encouraged but not required to submit an application.

**Register here**

#### AmeriCorps Basics

Addresses questions about the basic concepts and components of AmeriCorps State and National grants, the application review timeline and other general questions about AmeriCorps.

- **Wednesday, April 1, 2015 at 10:00 AM MST**

#### AmeriCorps Program Management and Design

Covers questions ranging from appropriate AmeriCorps member service activities, staffing for the program, grantee responsibilities and other questions related to program design or program management.

- **Wednesday, April 8, 2015 at 10:00 AM MST**

#### AmeriCorps Budget Development

Provides information on budget development and administration with a focus on the preparation of a grant-specific budget for AmeriCorps programs.

- **Wednesday, April 15, 2015 at 10:00 AM MST**

#### AmeriCorps Performance Measures Design

Explains AmeriCorps’ National Performance Measures, what the instructions are and how to use them; why the instructions are important to follow; when to use them; and where to find them.

- **Thursday, April 16, 2015 at 10:00 AM MST**
